

Corporate Profile

Fike®

WWW.FIKE.COM

Fike

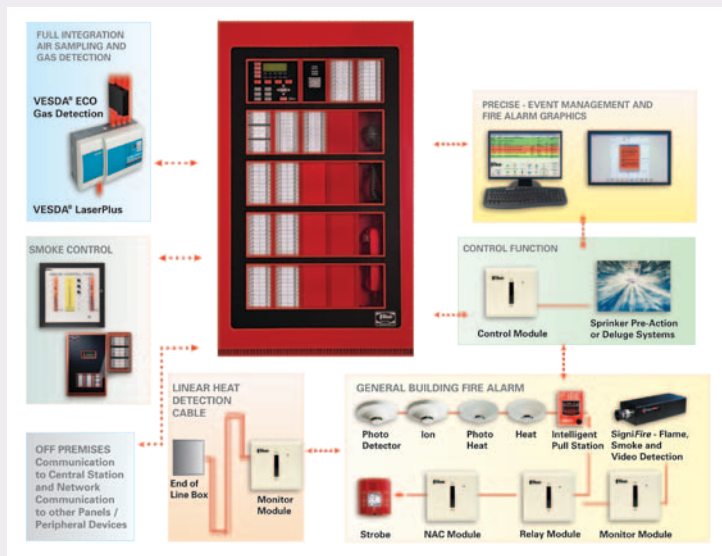

Fike is a globally recognized supplier of products and services that protect people and critical assets from dangers such as fire, explosion and over-pressurization. With more than 65 years' experience manufacturing safety solutions, Fike offers a complete line of proven, reliable products to customers around the world.

Long known for being a leader in service, support and delivery in the fire protection industry, Fike manufactures a complete line of fire suppression systems designed for the protection of high value assets and key equipment. Applicable in both industrial and commercial applications, Fike's systems are effective, easy to use, and safe for people, key assets, facilities and the environment. Fike services a variety of industries, including educational facilities and campuses, healthcare facilities, office buildings, museums, shopping malls, industrial facilities, warehouses, arenas and stadiums.

Fike has expanded this expertise, to include an extensive selection of advanced fire alarm products that utilize the most innovative technologies, yet are convenient to operate. Whether you need a sophisticated, intelligent fire alarm system, conventional alarms, voice based emergency evacuation, or advanced air monitoring and early warning detection, we have the fire protection solution to fit your application ... at a cost that fits your budget!

But it's not just about quality products and innovation. Fike has always been known for its customer service and personal touch. Our customers tell us ... they simply like dealing with Fike. From developing the right product to the complete support from our customer service and highly-trained technical staff, you can be assured of a quality solution.

From our founding in 1945, Fike has focused on innovation, quality and customer satisfaction. Today, our goal is still the same: deliver exceptionally reliable products that exceed customer expectations.

Giving you more reasons to choose Fike Alarm Systems.

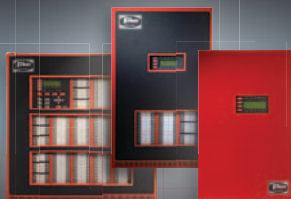

NEW Integrated Voice Evacuation

Smoke Control

Intelligent Fire Alarm Panels

Graphic Event Management

Video Flame, Smoke and Intrusion Detection

We listen and deliver.

For years, Fike has provided reliable fire alarm systems and excellent customer service. But customers told us they wanted a broader Fike system to meet the needs of different applications. We listened, and we've responded. We now offer a more complete line of advanced fire alarm products including Integrated Voice Evacuation and Video Smoke Detection.

Take a new look at Fike technology. There's a lot to see.

Dependable, Scalable Fire Alarm Protection
