

Corporate Profile

HIKVISION

Hikvision Digital Technology Co., Ltd.

Hikvision Digital Technology Co., Ltd. is one of the world's leading suppliers of video surveillance products and solutions. Established in 2001, Hikvision grew from a small company with 28 people into a global enterprise with more than 3,600 employees, including 1,000 R&D engineers. With the largest R&D team in the industry and capability for continuous innovation, Hikvision's product offerings include hybrid DVRs, NVRs, standalone DVRs, digital video servers, compression cards, high-definition IP cameras and speed domes.

Hikvision's products are widely used in finance, transportation, education, energy and healthcare industries around the world. For more information, please visit Hikvision's website at www.hikvision.com.

Headquartered in Hangzhou, China, with regional branch offices in Los Angeles covering the Americas; Amsterdam covering Europe, and Dubai for the Middle East; joint ventures in India and Russia; as well as a maintenance center in Hong Kong, Hikvision has built a strong and reliable network to provide pre- and post-sales support and logistics services in the Americas, Europe, Middle East, Africa and other geographical regions.

Hikvision has the biggest R&D team in the global security market with more than 1,000 engineers and boasts the capability of continuous innovation. In the next three years, Hikvision commits to further invest to increase R&D in order to deliver state-of-the-art video surveillance products and solutions.

Apart from reinforcing its core competitiveness in products and technologies, Hikvision has built up partnerships with world leading corporations to complete the product infrastructure and further meet various requirements for diversified and critical security applications.

Rapid growth and exceptional products have resulted in Hikvision being recognized as the No. 1 DVR supplier according to IMS Research's *World Market for CCTV and Video Surveillance Equipment Report 2010* and listed for three years in a row in *Security 50*, a market survey recognizing the top 50 security vendors in the global security market (No. 12 in 2009). Hikvision is now publicly listed in Shenzhen Stock Exchange with the market capitalization of U.S. \$5.6 billion.
