SECO-LARM®

Manufacturers of **ENFORCER®**

SECO-LARM

SECO-LARM offers over 400 security products spanning a wide variety — from simple switches to high-tech CCTV cameras.

RF Wireless: SECO-LARM manufactures a complete line of RF receivers and transmitters. Products range from 1 to 4 channels, and come in a wide variety — from 1-button pendant transmitters to 4-button handheld transmitters.

Access Control: The SECO-LARM access control line includes electromagnetic locks built for single or double-doors with holding forces up to 1,500 pounds. Our full keypad line includes a variety of keypads — indoor, outdoor, single-gang, mul-lion, and built-in prox-reader. We also have electric door strikes, request-to-exit plates, no-touch sensors, video door phones and push-to-exit bars.

CCTV: We have a recently upgraded series of H.264 network DVRs that allow remote access from smartphones, PCs and Macs®. We also have a CCTV camera for nearly any application: indoor, outdoor, day & night cameras, bullet cameras, dome cameras, wall-plate cameras, corner-mount cameras, wide-angle bullet cameras, IR-DNR-WDR cameras, PTZ cameras, and many more.

CCTV Accessories: Our CCTV accessory line has products to suit nearly any CCTV installation. We have CCTV power supplies, video baluns, video distributors and amplifiers, bal-un hubs, battery testers, and much more.

Burglar and Security: Our burglar and security line includes strobe lights, LED strobe lights, voice dialers, timer modules, magnetic contacts, switches, holdup buttons, sirens, power supplies/chargers, and much more.

Audio/Video: SECO-LARM's audio/video line includes a wide range of HDMI, component, and VGA products, including HDMI extend-ers of Cat5e/6, component over Cat5e/6, VGA distributors over Cat5e/6, VGA to HDMI converters, and much more.

Since 1971, SECO-LARM has provided customers reliable security, vid-
eo, and audio products through our worldwide network of authorized
dealers and distributors.

We at SECO-LARM have been developing, manufactur-
ing and selling state-of-the-art security and access control
products for 40 years. Distributors and dealers in nearly 100
countries worldwide know they can count on us for a full range of se-
curity products to satisfy their customers' requirements.

SECO-LARM means innovation, with security technologies built around 40
years of R&D experience and over 50 domestic and international patents.
