

Corporate Profile

VITEK Industrial Video Products

Date Founded: January 1, 1999

VITEK Industrial Video Products Inc. manufactures a complete line of CCTV products ranging from the industry's most robust stand-alone digital video recorders (Chrono Series), to cameras for every application including the latest HD CCTV technology and H.264 Dual Codec IP products. All VITEK products carry a 3-year warranty and are manufactured to the highest level of quality with an unmatched commitment to value. Technical/Sales support is available between 7 a.m. to 8 p.m. Monday through Friday Pacific Standard Time.

Flexibility and Customer support:

VITEK is committed to client relationships and is devoted to the success of every sale and installation. Our flexibility is second to none as proven by our many special projects and product modifications providing solutions required by our client/partners.

Innovation:

VITEK was the inventor of several groundbreaking, patented technologies. Recent developments include Dynamic IR LED Intensity Control, Dual Focus Technology, HD CCTV over Coax and Laser Video Transmission. Legacy developments include our Infinity Ball Socket Dome Mount, DVR Mirror Redundancy and Dual Glass Infrared Camera Technology.

Markets Served:

VITEK products are available through many distributors throughout the world with a primary based in the U.S., Mexico, Canada and South America. Manufacturer's representatives are also available to assist in system design and/or consultation throughout the U.S.

You may visit www.vitekcctv.com for product info and printable spec sheets.

Dealer Training:

Vitek offers training seminars and counter days throughout the year at distributor locations nationwide and in Mexico as well. Private training sessions are also available by appointment in our new state-of-the-art training facility in Valencia, Calif., at little or no cost to the participant.

Distributors are welcomed based on volume commitment and territorial coverage. Interested distributors should call for a reference to a nearby Vitek representative. Open accounts are available based on credit evaluation.
