

In 2004, to commemorate its 25-year anniversary, SECURITY SALES & INTEGRATION launched the SSI Hall of Fame and selected 25 people as the first industry luminaries to be enshrined. The number of immortals grew to 34 in 2006 and 37 in 2007 with the addition of three new Hall members each of those years. It then expanded to 41 in 2008 with four new inductees, and this year's five bring the Hall's total to 46. All of the past inductees are listed below.

The SSI HOF is a lifetime achievement award that annually recognizes those individuals whose distinguished careers have helped shape today's electronic security industry. A panel of past inductees and other leaders determine election. For more information, visit www.securitysales.com.

Tom Auth (ITI)
