SUPPLEMENTARY DATA
 This is an analysis of 24,424 or 87.2% of recipients who have indicated that they or their firm buys/installs the following products and/or systems. See questionnaire used to elicit these data on the back of this report. Since any one respondent may have checked more than one response, the totals for each of these (i.e.: products and services) should not be added together as the total may exceed the total circulation. These data are presented for statistical and marketing purposes.
